Fully Funded Childcare Places

Simply Play believes all children should have this much fun, no matter what!

That is why we are delighted to offer **fully funded places** in its multi-award winning out of school and holiday childcare services.

These free places are for primary aged children in the following circumstances:

- 1) **Short-term emergency childcare:** eg. a parent starting work and needing help with childcare until that first wage packet or whilst a parent/carer is in hospital.
- 2) **Children and their family requiring additional support:** eg. a safe, supportive, active play environment, where children can have fun while providing respite from family issues or personal difficulties. These may include family breakdown, poor parenting, behavioural or socialisation issues, homelessness, parental substance misuse, parental physical or mental health issues, disability or play deprivation.

Simply Play operates at 10 term-time and 4 holiday locations across Armadale, Bathgate, East Calder, Kirknewton and Livingston. All groups are lively, play based and use local outdoor spaces wherever possible (more info at www.simplyplay.org or on our Facebook page).

Referral information is available via this [LINK](#).
