

Communication

Windyknowe Primary School uses a communication tool called Groupcall Messenger. Letters, newsletters, permission slips etc. are placed on the Groupcall Messenger system. Parents are encouraged to sign up to this service as they will receive email alerts when they have a new item to read from the school. It is a handy way to make sure you have access to all letters and to ensure they don't go missing. Please indicate the method of communication you would prefer us to use when sharing information.
