

# Primary 6 Newsletter

April - June 2024

**Hello everyone, we hope you had a lovely Easter break.**

**Here is what we will be doing in Term 4**

## Numeracy & Maths

In Numeracy, we will be focusing on revision and consolidation of the strategies- Review, Revisit and Revise. We will also be doing some numeracy using calculators and looking at word problems and numeracy in real life contexts. Mrs Welsh will teach Maths to both classes and will cover Data Handling, and revise Time duration. Miss Craig will continue to teach problem solving to both classes and we will focus on applying Maths to practical challenges and using visual models to prove solutions. Please remember to access the Maths support Sway which is on Teams for any extra support for Maths outcomes.

## Health & Wellbeing

Primary 6CW will have indoor PE on a Tuesday, and outdoor PE on a Wednesday  
Primary 6CP will have outdoor PE on a Tuesday and indoor PE on Wednesday.  
In PE, we will be doing dance, cross country running, athletics and rounders.  
P.E will be taking place outdoors (rain or shine!) so please ensure your child is wearing an appropriate P.E kit on these days.  
In class, we will be using our school JIGSAW resource with a focus on Changing Me and Healthy Me. A copy of this content can be provided upon request.

## Literacy & English

We will look at some traditional Brazilian folklore stories. Then we will move on to discussion and procedure texts. Children will produce writing in both hand written texts and typed/ digital media

## Languages

Mrs Welsh will teach Spanish to both classes this term  
As part of our Rio topic we will introduce some Portuguese too.

## ICT skills

We will have a weekly lesson to become more able in organising online and offline folders and files, using more desk top publishing features, and other features within office 365.

## IDL

This Term we will be starting with a Rio de Janeiro topic, and thinking about the contrasts with our local environment. After this, Primary 6 will be encouraged to take the lead to present a lesson/s on a subject of their choosing. They will have the opportunity to research that topic in class time but should practice their presentations at home  
There will be more opportunities to develop leadership skills with the buddies too.

## Home Learning

This will continue with a spelling and maths/numeracy task in jotters. Please remember to bring these back to get the new set.

If you have any comments, concerns or questions please feel free to contact us through our school office, email or a written note and we will get back to you as soon as possible.

Thanks,  
Mrs Wells, Miss Craig and Mrs Welsh
