

# Primary 2 Newsletter

April - June 2025

Welcome back to Term 4. We hope you have had an enjoyable Easter break. We're really looking forward to a new term, with lots of exciting learning to come.

## Numeracy & Maths

In Numeracy, we will be working on division, rounding numbers, ordinal numbers and revision of addition and subtraction strategies through money. We will also be learning how to write the word form of a digit.

In Maths, children will be focussing on using a range of different vocabulary to talk about time and to describe parts of the day, week and year.

## Literacy & English

We will continue our programme of phonics, grammar, and tricky common words. For our extended writing this term we will be focussing on persuasive, descriptive and narrative writing based on our topic themes of our body, castles and keeping healthy. In Grammar, we will be focussing on conjunctions, antonyms, synonyms, alliteration, onomatopoeia and speech bubbles. Our spelling will focus on alternative sound groups such as ai / a-e / ay.

Reading books will continue to be sent home. Throughout the term we will be practising reading with expression and talking about the author's choice of words.

## Health & Wellbeing

P.E will be on Wednesday and Thursdays. We will continue to go outside in all weathers. This term we will be focussing on athletics, circuit training and multi-skill sports for Sports Day.

Through our Health and Wellbeing resource, Jigsaw, we will be focussing on the themes 'Healthy Me' and 'Changing Me'. In the 'Changing Me' topic we will be talking about the body parts using the words that doctors would use. These words will include penis, testicles, breasts and vulva. We will also be continuing to learn about how we can keep our bodies healthy through our whole school Health and Fitness Fortnight.

## Interdisciplinary Learning

This term we are going to be starting a new topic on the development of technology in the 21<sup>st</sup> century. Through this we will be investigating how certain items such as mobile phones have developed over this time. This will link in with our segment of the show where we will be focusing on the development of technology and music in the 21<sup>st</sup> century.

Seesaw

## See Saw

We will be continuing to use Seesaw to share learning and any other relevant information. If you are having any issues with logging into Seesaw, please let us know.

## Additional Info

Please remember that all belongings must be clearly labelled with your child's name so that they can be returned if lost. Also a gentle reminder that all children should have indoor shoes to change into after being outdoors. P2 – 4 will be performing their show later this term and more information will follow.

If you have any comments, concerns or questions please feel free to contact us through our school office, email or your child's reading record and we will get back to you as soon as possible.

Thanks,

Miss Millar, Mrs Settle and Miss Lamb
